

2023 Other Owned Sites Segregated Account (OOSA) Budget Forecast for the Hattiesburg MS

Date Submitted: 12/21/22
Date Approved: 01/06/22

**Greenfield Environmental Multistate Trust LLC,
Trustee of Multistate Environmental Response Trust (Multistate Trust)**

Submittal to: Mississippi Department of Environmental Quality on December 21, 2022

Summary of Site Work Completed in 2022 and Planned for 2023:

Work Completed in 2022: Conducted a Phase 2 Environmental Site Assessment consisting of a property survey, utility clearance, advancement of five soil borings using DPT method, and collecting two soil samples from each boring. Each boring was also converted to a temporary well to collect filtered and unfiltered groundwater samples. All samples were submitted to a licensed testing laboratory to test for VOCs, SVOCs, and RCRA metals. A Phase 2 ESA report was prepared to document this work (scheduled to be submitted to MDEQ for review and comment in December 2022).

Work Planned for 2023: Respond to MDEQ comments on the Phase 2 Environmental Site Assessment Report (scheduled for submittal to MDEQ in December 2022), finalize and obtain MDEQ approval of the Phase 2 ESA Report. Abandon five temporary wells. Meet with MDEQ to discuss long-term management plan for site, which is under a 99-year lease through May 15, 2051. Explore post-investigation long-term stewardship options, including through establishment of institutional controls and/or installation of security (e.g., fencing). No sampling, investigation, or remediation is planned in 2023.

Site Name: Other Sites-Owned (Tronox Settlement Agreement Exhibit "A-3" #10), Hattiesburg MS

Site Location: Hattiesburg, MS

Multistate Trust Site Code: 50.d
