

Exhibit I

**2022 Environmental Cost Account (ECA) Budget Forecast for Former Kerr-McGee/Tronox Owned Service Station (OSS) No. 81, Garnett, Kansas (Multistate Trust Cost Code #XXXI)**

Date Submitted: 05/10/22

Date Approved: 05/10/22

Greenfield Environmental Multistate Trust LLC,  
Trustee of the Multistate Environmental Response Trust (Multistate Trust)  
Submittal to: Kansas Department of Health and Environment (KDHE) on May 10, 2022

Summary of Site Work Planned for 2022:

OSS No. 81 located at 103 South Maple Street, Garnett, KS

**Work Planned for 2022:** Review historical site documents and reports. Conduct a site visit and visually inspect the property for on- and off-site recovery and monitoring wells. Collect a groundwater sample from wells located at the site. Visually inspect and meet with adjacent property owners, to determine if off-site monitoring wells exist. Evaluate if on-site dispenser piping is present, and investigate as needed the condition of the potential dispenser piping. Prepare and submit a Site Investigation Report summarizing the field activities, inspections and groundwater analytical results. Contingent upon the groundwater analytical results and upon further concurrence from KDHE, abandon all on- and off-site wells discovered at the site. Prepare and submit a Well Abandonment Report summarizing the well abandonment activities.

Cost Center	Cost Center Description	2022 Budget	2022 Scope of Work
XXXI.A	Regulatory Compliance and Site Operations/Maintenance	\$0	None
XXXI.C	New Environmental Actions	\$7,288	Review historical site documents and reports. Conduct a site visit and visually inspect the property for on- and off-site recovery and monitoring wells. Collect a groundwater sample from wells located at the site. Visually inspect and meet with adjacent property owners to determine if off-site monitoring wells exist. Evaluate if on-site dispenser piping is present, and investigate as needed the condition of the potential dispenser piping. Prepare and submit a Site Investigation Report summarizing the field activities, inspections and groundwater analytical results. Contingent upon the groundwater analytical results and upon further concurrence from KDHE, abandon all on- and off-site wells discovered at the site. Prepare and submit a Well Abandonment Report summarizing the well abandonment activities.
